# CYCLONE 8000

For over 6 decades Buffalo Turbine has been instrumental in utilizing Turbine Technology for spraying and debris removal. Performance, productivity and profitability have been key for everyone who has ever distributed, sold or owned a Buffalo Turbine Debris Blower or Sprayer. Listening to our customers has always been the driving force behind all of our quality American made products. A Buffalo Turbine Debris Blower is for everyone, every job, everywhere!

The CYCLONE 8000 Debris Blower is the answer; light, powerful and strategically priced. The only situation you will find with this blower is what to do with your handheld, backpack and walk behind blowers. Equipped with a 12.75 HP Kohler or Honda engine and a 360° remote nozzle control, the CYCLONE 8000 is versatile enough to travel in and out of confined areas resulting in quick and speedy debris removal.
